Author's Note:

yes i made this ship up when i was bored and today (may 18th) is it's one year anniversary so we're posting something for it. yeah ik it has nothing to do with bts or kpop but i love chase atlantic to bits and i miss the it fandom so shush

also im sorry i havent updated the gc fic im plotting for it currently bc taegi gives me whiplash

i love how he looks when he performs

it's his love

i can see it in his face when the music starts how much he truly loves it.

i'd like to think i'm the same way with the thing i'm passionate about
my acting

but the only thing i look like that at is him, it seems.

he belts out the chorus of "i don't like darkness"

i bite my lip

why does he have to be so absolutely breathtaking?

he wraps up the show with christian and the others
beaming at the crowd

i swear i can see him look over at me more than once.

and then he turns his head at me, eyes locked with mine

he smiles at me

and i promise i'd do anything to see him smile like that every day.

i leave the concert with red tinted cheeks and happiness in my chest

he did that to me

and now i don't know what to do, or how to think.
